Deputy Head Mrs J Thompson

9th March 2017

Dear parent / carer ,

We are issuing a warning about the popular gaming app called **Roblox**. The game is aimed at children between 6 and 12 years old. This game contains a messaging option which makes it very easy to connect with strangers and to chat online through the app. It could easily be used by adults who are trying to meet up with children.

We would like to stress that Roblox cannot be accessed on the school network.

We live in an exciting age in terms of digital technology , however we must put the safety of our children first. E-safety and safe use of the internet is something that we place at the heart of our school curriculum. With this in mind, we have developed an e-safety workshop for parents. The first workshop was held in school on Monday 13th March. If you would like to attend further workshops, please contact Miss Love.

If you have any further concerns around other games and apps that your child uses at home, please contact school.

Yours sincerely

Mrs Repton and Miss Love
Head Teacher Computing Coordinator
